Any ineligible applicants will be sign posted to opportunities to support their development to prepare them for future applications.

Any applicants meeting all eligibility but not securing a place due to capacity will be offered priority booking in 2024.

Any applicants not eligible on initial application and subsequently added to the expression of interest list for future opportunities, will still be required to fully meet eligibility at the point of application for future courses. Addition to the expression list is not a guarantee of acceptance.

You will also need to be prepared to work on your own between workshops. This includes completing the portfolio tasks and could include watching other coaches and making sure you get as much coaching practice as possible.
